

## State-wise Quarantine Guidelines

# Chhattisgarh

### Domestic

**Institutional quarantine:** Not applicable

**Home quarantine:** Passengers will be advised to remain in home isolation till the report of RT PCR test conducted at the airport is received.

### Health screening

- Thermal screening will be conducted for all passengers.
- All passengers traveling to Chhattisgarh will be asked to show a negative report of RT-PCR done within 96 hours of arrival at the Airport.

### Covid test

- All arriving passengers need to show their RT-PCR test done within 96 hours of arrival at the airport.
- Reports of only those pathology labs will be acceptable, which have been approved and certified by ICMR. If ICMR ID and SRF ID are not mentioned in the report, then passengers will have to undergo RT PCR test at the airport.
- Passengers having certificate for both doses of vaccination will also have to show a negative report of RT-PCR done within 96 hours of arrival at the Airport.
- If such passengers don't have the report, they will have to undergo RT PCR test at the airport.

### Passenger obligation

- All arriving passengers need to show their RT-PCR test done within 96 hours of arrival at the airport.
- Reports of only those pathology labs will be acceptable, which have been approved and certified by ICMR.
- If ICMR ID and SRF ID is not mentioned in the report, then passengers will have to undergo RT PCR test at the airport.
- Passengers having certificate for both doses of vaccination will also have to show negative report of RT-PCR done within 96 hours of arrival at the Airport.
- If such passengers don't have the report, they will have to undergo RT PCR test at the airport.
- At the time of providing samples for RT-PCR test, passengers will have to provide their photo, ID and mobile no. Also, they will have to get their mobile nos verified by giving missed call to the inspecting official.
- Passengers not having mobile nos shall get the missed call done by their relatives' mobile nos.

### Airline obligation

- All airlines to disseminate the information regarding passenger obligation as mentioned above at the time of booking to avoid any inconvenience to passengers.
- Airlines to guide all arrival passengers to health screening area for thermal screening and for checking if passengers are in possession of negative RT-PCR report.

### Airport or State obligation

- Thermal screening will be conducted for all passengers.
- All passengers travelling to Chhattisgarh will be asked to show a negative report of RT-PCR done within 96 hours of arrival at the Airport. Reports of only those pathology labs will be acceptable, which have been approved and certified by ICMR.
- If ICMR ID and SRF ID are not mentioned in the report, then passengers will have to undergo RT-PCR test at the airport.
- Passengers having certificate for both doses of vaccination will also have to show a negative report of RT-PCR done within 96 hours of arrival at the Airport. If such passengers don't have the report, they will have to undergo RT PCR test at the airport.

**Disclaimer**

It is the sole responsibility of the passenger to ensure his or her eligibility to comply with the entry regulations of the respective State Government. Airports Authority of India will accept no liability whatsoever in this regard.
