Aircraft Maintenance

## GMR Aero Technic Limited(GAT)

GAT is a subsidiary of GMR Hyderabad International Airport Ltd. GAT operates an integrated, world class third party airframe **Maintenance, Repair & Overhaul** (MRO) facility at Rajiv Gandhi International Airport (RGIA), Hyderabad - India.

## Our Services

We provide base maintenance services for A320 family, ATR 42/72, Bombardier Q400 and B737-NG family of aircraft and perform full aircraft painting.

Aircraft redelivery / end of lease checks along with complete cabin refurbishment and complete livery change.

Our efficient maintenance team offers high quality standards, reliability and quick turn-around times for our customer's aircraft.

GAT has been constantly upgrading its capabilities and expanding services to meet the growing maintenance needs of the aircraft operators.

Extensive & quick support to our customers when AOG situation arises that requires any technical repairs/ assistance.

Additionally, line maintenance services on A320 family, ATR 42/72, Bombardier Q400, Boeing 737-NG family of aircraft are part of our maintenance service portfolio.

## Infrastructure

### Hangars & Shops

The MRO facility comprises of 3 hangars with aircraft bays to accommodate 5 narrow body aircraft and one turbo prop simultaneously:

#### Wide Body Hangar

Accommodates one wide body aircraft viz. A330 or B777 or 2 narrow body aircraft

#### Narrow Body Hangar

Consists of 2 narrow body aircraft bays + one turbo prop bay

#### Paint Hangar

1 narrow body bay for rub down, paint stripping, full aircraft painting and maintenance

#### Workshops

All the hangars are supported by workshops which are self-sufficient for airframe maintenance

# WORKSHOP

## Structures/ Sheet Metal & Composite Shop

- Major and minor modifications
- Repair
- Aircraft ageing control program

## Non-destructive Testing

- Magnetic Particle Inspection
